## FEATURED CHAPTER MEMBER OLIVIA ADOLPH

Estimator, COP Construction

Olivia is the Montana Chapter Treasurer and has been a NAWIC member for 6 years. She has worked in the construction industry for 12 years, 6 of which have been as an estimator for COP Construction in Billings, MT. Olivia enjoys working in construction because she is contributing to building the communities where we live and work. As an estimator, Olivia experiences construction from the planning phases to completion and collaborates with a skilled team at an exceptional company. Olivia enjoys being a member of NAWIC to continue expanding her network and connecting with other women in the industry.

## WELCOME NEW CHAPTER MEMBER CARLA BERNAL

### Project Manager, Martel Construction

Carla Bernal brings nearly a decade of experience in the construction industry, underpinned by a strong foundation in architectural design. She earned her bachelor's degree in architecture from California Polytechnic State University, San Luis Obispo, where she cultivated a deep understanding of design principles and construction methodologies. Originally from the San Francisco Bay Area, Carla relocated to Montana in 2021, drawn by new opportunities and a passion for building communities.

As a Project Manager at Martel Construction, Carla thrives in a dynamic, hands-on environment, seamlessly collaborating with superintendents and trade professionals to drive project success. She is deeply committed to continuous learning and values the craft of construction, ensuring that each project is executed with precision and ingenuity. Beyond her technical expertise, Carla fosters a strong sense of camaraderie within her team, organizing events that bring colleagues together and enrich the company culture.

Outside of work, Carla is an avid host, curating thoughtful dinner gatherings that reflect her appreciation for connection and hospitality. She enjoys spending time with her Labradoodle, nurturing her indoor plant collection, and embracing Montana's outdoor lifestyle. Whether orchestrating a project or bringing people together, Carla's enthusiasm, leadership, and dedication make her an invaluable asset to every endeavor she undertakes.

**FEATURED CHAPTER MEMBER**  
**NICKI BURNINGHAM**  
**WELDER, ADF INTERNATIONAL**

Nicki has been a member of NAWIC for 2 years and has worked as a welder at ADF International for 3 1/2 years. With hard work and perseverance, she worked her way up to be a top A Welder. She pushes herself every day to become one of the best! She loves being able to melt pieces of metal together to make something amazing. Her favorite part about working construction is being able to say, "Yes, I helped build that! I help Build America!"

## WELCOME NEW CHAPTER MEMBER BRITTNEY CELLMER

**Construction Technology Service Manager, RDO Equipment-Billings**

I have 10+ years' experience in technology with 6 of those years specifically in construction technology. I started off working with cell phones, computers, and tablets. I'm truly amazed of what the technology can do for our customers and how technology continuously evolves to make projects have faster, more accurate completion times. One of my favorite things I currently participate in is teaching the Build Montana students about technology. With the assistance of my technicians, I can provide an experience that shows them how technology works in the construction industry. I am excited to be part of this group, build connections, and inspiring other women to get involved in the industry!

## FEATURED CHAPTER MEMBER KATE CHRISTOFFERSON

**Project Manager, DSG Waterworks**

Kate is a new NAWIC member, in her first year. She has been in the waterworks industry for nearly 16 years, supplying underground water and sewer pipe and fittings to contractors. Although she has been with DSG only two years, her entire work experience with waterworks has been in Billings. As a project manager, she finds constant motivation and inspiration watching projects go from paper to completion. For the last 6 years she has specialized in sewage management and upgrade projects all over Montana, Idaho and Wyoming. In addition to NAWIC, Kate is on the DSG Women In Networking committee, helping to improve the workplace for women and attract more women to all roles across the company.

## FEATURED CHAPTER MEMBER MICHELLE COHENS

Human Resources, Sletten

Michelle has been with Sletten Construction for over 21 years, working in the human resources field for the last 17 years. She began her career with Sletten in their Las Vegas office and transferred to Great Falls 17 years ago. The last several years, her focus has been recruiting, industry promotion and youth outreach for the company. She has served as Vice-President and President for our NAWIC MT Chapter and this year is Past-President. She believes the little things matter and building relationships is key.

## FEATURED CHAPTER MEMBER CASSIE CROSBY

**Project Administrator/Engineer, Riverside Contracting, Inc.**

Cassie has worked at Riverside Contracting for 3 years and has been in the heavy civil industry for over 15 years. Her passion for construction started when she would have lunch with her dad on the job sites; she loved seeing the progression of projects from start to finish. Lunch with Dad has become a career she truly enjoys, managing contracts, budgeting project costs, and supporting the field. Cassie has been a member of NAWIC for 2 years and has appreciated the opportunity to meet talented, like-minded ladies in the construction industry.

## WELCOME NEW CHAPTER MEMBER MEAGAN DAMROW

### Account Executive, LC Staffing

Over the past year, I have embraced a new role with LC Staffing in Missoula, leveraging over a decade of experience in talent strategy, workforce development, and transformation. With a background in HR Management and Psychology, I'm passionate about using my expertise to benefit our community. Some of my key initiatives have been partnering with high schools and colleges to create programs that align with evolving industry trends, ensuring students are workforce-ready before graduation.

At LC Staffing, a significant part of our client base operates in the construction industry across Montana. Supporting such a vital sector—one that positively shapes our communities—has been both rewarding and inspiring. I'm especially proud to witness the growing influence of women in traditionally male-dominated fields like construction and sales. From hands-on roles to executive leadership, women are truly paving the way for future generations. I'm excited to dive into this group to connect and learn more about the industry and how it will continue to impact our state and people.

## WELCOME NEW CHAPTER MEMBER JACI GIOP

CSO/Accountant/Office Manager, O'Keefe Drilling Co.

Jaci was born and raised in Butte, Montana, before moving to Wasilla, Alaska, as a teenager. She returned to Butte at 21 to attend Montana Tech, earning a bachelor's degree in business information technology with a focus on management and accounting. After graduating with honors, she joined O'Keefe Drilling Company as an entry-level accountant in 2006. Jaci loves her job and the exceptional drillers she works with, who have become like family.

Recently, she obtained her Monitoring Well Constructor's License and serves on the Montana Contractor's Education Foundation Board (since 2017). She was also the first woman president of the Montana Water Well Drillers Association (2022). Jaci and her husband Brent have two children, Brayden (16) and Jordynn (13). Outside of work, she enjoys supporting their sporting activities. With 19 years in the industry, Jaci looks forward to growing within NAWIC.

## WELCOME NEW CHAPTER MEMBER JESSE JOURNEY

### President, FASST Extinguishers Inc

I moved to Great Falls in 2009, and I found a job at a Fire Suppression Service Company later that year. I started dating a co-worker, later we left that company and started our own. FASST Extinguishers Inc.

Now Married, My husband and I have been in business for 9 years and we have continued to grow every year. I have taken over the business operation side of things, after years of helping in the field I now have the hands-on experience to bid jobs and answer most of the questions that come in, freeing

Levi up to handle the "Field Work". Even though we can both handle all the jobs in the Company the business AND our relationship is better when we stay in our own lanes 😊 I enjoy hunting, fishing, hiking, and riding in our side by side, We have 3 dogs and 2 cats.

## WELCOME NEW CHAPTER MEMBER MELANIE MORRIS

Estimator, Jackson Contractor Group

I began my career in the construction industry after graduating from Cal Poly with a BS degree in Civil Engineering. For 14 years, I had the opportunity to work for a heavy civil contractor, participating in projects across the US and Canada. I took on various roles, including Project Engineer, Project Manager, Superintendent, and Estimator. I embraced the excitement of the industry by living on the move and tackling assignments in remote locations.

In 2017, I moved to Missoula to work for Jackson Contractor Group. This move allowed me to build a stronger connection with family and offered more stability. I am passionate about construction and love sharing my enthusiasm for the field. Through NAWIC, I am excited to connect with peers who share my passion, inspire students and young adults curious about the industry, and take full advantage of the educational and training opportunities the organization offers.

## WELCOME RETURNING CHAPTER MEMBER RYLEE OSTWALD

### Semi Driver, Mountain View Co-Op

I've been around heavy equipment for about 10 years through farming and various jobs. In 2023, I worked in the structural steel industry for about a year and a half. I loved it, but farming called to me more.

I started working at a grain elevator in Collins, Montana, where I learned everything from operating the elevator to running and loading trains. More recently, I began driving trucks and hauling fertilizer and chemicals for application in farmers' fields.

In the year I've worked for Mountain View Co-op, I've traveled all over the northwest part of the state. I was recently transferred to Power, Montana, where I'll be a full-time truck driver until the slow season.

In the end, I've always enjoyed farming and helping farmers throughout Montana.

## FEATURED CHAPTER MEMBER JESSICA OULES

**Staff Engineer, Water and Environmental Technologies (WET)**

I am a new member of NAWIC. I have worked in the construction industry for just about 2 years now. I am originally from Chelan Washington but graduated with a general engineering degree with an emphasis in chemical engineering and a minor in environmental sciences in 2022 from Dordt University in Sioux Center Iowa. I have been in Bozeman MT with WET ever since; learning lots and figuring out what I love to do.

## FEATURED CHAPTER MEMBER MELISSA (MISSY) PATE

### Employee Development Professional, ADF International

Missy has been a NAWIC member for 3 years. She has spent 4 ½ years as a welder at ADF International before recently moving into the role of Employee Development Professional and taking over the company's training program. In addition, she also teaches a structural welding course at Great Falls College. Missy knew she wanted to be welder since taking classes in high school, but she wasn't sure how to pursue a job in the industry. In 2018, she saw an opening for a welder helper at ADF and applied. They hired her and she moved across the state to begin her welding career. She says it was easily the best decision she had ever made.

## WELCOME NEW CHAPTER MEMBER KAYLA QUINNELL

Owner, Northern Plains Compliance Consulting

Kayla is the dynamic owner of NPCC - Northern Plains Compliance Consulting and the Feral Safety Lady of Savage, Montana. With a decade of mastering safety compliance, her roots are as sturdy as the construction sites she grew up on. Her expertise spans oilfield safety, general industry, construction, and insurance risk management, all fueled by a passion for the great outdoors and the thrill of the hunt. Kayla is an avid outdoor woman with a love for adventure. She is championing Realistic Rural Safety for the hardworking blue-collar workers of the Northern Plains. At NPCC, a proud women-owned small business, they choose to operate safely and successfully while being wild at heart.

## FEATURED CHAPTER MEMBER LEANNE SCHILLINGER

Sales Executive, American Solutions for Business

As an independent sales executive with American Solutions for Business for the last 29 ½ years, I work with businesses to promote their brands with print collateral and promotional products. I also work to provide efficient ordering processes through e-commerce sites supporting their branding and business needs. Serving as a director on the board of our NAWIC Montana Chapter has helped me understand the needs of the construction industry, so I can be more effective when sourcing ideas and products for my construction-related clients. I am currently on the WIC Week committee and look forward to promoting the trades with the youth in our schools. In my spare time I am an avid trapshooter. I also have a small crafting and sewing studio set up in my garage for when I have a few moments to relax and create. Women in construction are some of the most intelligent and hardest working people I have ever met – and I am proud to be a member of this incredible organization that brings friendship, camaraderie, and personal growth to its members.

## WELCOME NEW CHAPTER MEMBER MADISON SCHROEDER

### Owner, Cupcake Contracting

Hi, I'm Madison, the owner and operator of Cupcake Contracting. We specialize in light construction, building maintenance, and a range of owner services.

I hold a Bachelor's degree from the University of Montana and have certifications in the arts, radon measurement and mitigation, and energy technology. Throughout my career, I've worked in various fields, including as a licensed insurance agent, movie set assistant, bartender, commercial laborer, cabinet maker, HVAC tinner, and mechanical systems DDC estimator. These diverse roles have provided me with a well-rounded skill set, combining administrative expertise, hands-on craftsmanship, sales acumen, and business management—each of which has been invaluable in starting and running Cupcake Contracting.

My vision for Cupcake is to expand into a small fleet of service vans, complemented by an in-house design-build team. With my varied background, I aim to become Montana's go-to contractor for specialty construction projects, including wet bars, rec rooms, golf simulators, home gyms, movie rooms, chef's kitchens, and greenhouses. My company motto, which is written across the hi-vis shirts says, "Make Your Space Sweet!" That truly speaks to my personality and mission: I hope to bring a sense of joy to my clients and focused creativity to every project for years to come.

## FEATURED CHAPTER MEMBER CHRISTINA THOMPSON

### Account Executive, Convergint

Christina is the Montana Chapter Secretary and has been a NAWIC member since 2019 working to build enough women to charter a chapter. NAWIC re-chartered the MT Chapter November 17, 2020.

She has worked in the construction industry for 9 years, 3 of which with Convergint.

Convergint purchased the old company she worked for, and she has truly enjoyed the company culture. Convergint has a unique and empowered culture, which is guided by Values and Beliefs, helps her stay accountable to the mission, and our number one objective: to be our customers' best service provider and they truly mean it. Love NAWIC and everything they bring to the women in construction!

## WELCOME NEW CHAPTER MEMBER MICHELLE VANVELKINBURGH

CAO, Martel Construction, Inc.

I grew up in the Rocky Mountains, just across the border, in Wyoming. After finishing my degree in accounting at Montana State University in Bozeman, I decided to stay in Montana. I began my career in public accounting but left after having children to work in the private industry. I enjoy the outdoors with my husband and two boys. We fish, play hockey, and enjoy the trails around this beautiful state. When not working or playing I enjoy cooking, reading, traveling, and a good glass of wine.

## FEATURED CHAPTER MEMBER HALEY VERHASSELT

Vice President, HR & Culture, COP Construction

Haley's construction career ultimately began 20+ years ago as a laborer for a family friend who was a local contractor. She took the long path back to the industry through accounting and engineering and has now been in an HR role at COP Construction LLC for almost 6 years. She loves seeing projects come to life after design, but ultimately chose construction because of the people. Haley is passionate about the people, the industry, and exposing the future workforce to the various opportunities within construction. She cannot think of another industry with as much opportunity for women and anyone else who is willing to work hard.

## WELCOME NEW CHAPTER MEMBER MACIE VINARAS

Sales Coordinator, RDO Equipment

I grew up in a family construction business and helped on the farm, which gave me a strong work ethic and love for hands-on work. In middle school, I excelled in a student-led craftsman business and shop classes. In high school, I focused on Career and Technical Education (CTE) and achieved success in SkillsUSA, becoming the state president and the first recipient of the YWCA's "Woman of Tomorrow" award.

After graduation, I worked as a Sales Coordinator at RDO Equipment. I'm passionate about inspiring young adults to pursue careers in the trades, and through my involvement in NAWIC, I aim to find more opportunities to support them in the construction industry.

## WELCOME NEW CHAPTER MEMBER TORI WOOD

Project Manager, Martel Construction

Tori is a new NAWIC member in her first year with the organization. Tori's Construction career began in Bozeman 8 years ago, initially focusing on cabinetry and millwork, encompassing design to install management in custom residential applications in the Gallatin Valley and Big Sky areas. In 2020, Tori progressed to Project Management and expanded her expertise to several other finish trades including stone fabrication, tile, low-voltage infrastructure and home-automation. As a Project Manager at Martel, Tori enjoys fostering relationships with the local trades and seeing designs take life as a project progresses. When not working, Tori spends her time fly fishing, golfing, skiing, reading and looking for cool rocks.

## FEATURED CHAPTER MEMBER JAMI WRIGHT

### Mission Critical Systems & IT Network Sales, Vemco Inc.

Over 28 years, my journey within Vemco has evolved, since first being hired as a part-time receptionist. I have always been eager to expand my horizons, and seize opportunities to learn and contribute, that has allowed me to gradually transition into roles that showcase my evolving capabilities. Through dedication and continuous learning, I transitioned into a Sales role, applying insights gained from diverse roles to become an invaluable team member. I joined NAWIC for the opportunity and the chance to share experiences, insights, and to offer support within this dynamic NAWIC group; which excites me. I look forward to fostering connections, learning from each other, and collectively contributing to the growth and empowerment of women in our industry.
